## **Appendix D: Skill Stations Examination – Candidate Recording Sheets**

This document provides the recording sheets that are used by the candidates undertaking the Skills Station component of the OCANZ Competency in Optometry Examination.

## **STATION 1**

### **A. BINOCULAR VISION ASSESSMENT**

**Candidate Name and Signature:**

**Date:**

---

#### **(i) Cover Test**

(include neutralisation result)

**Distance**

**Near**

---

#### **(ii) Heterophoria Measurement**

**Distance Horizontal phoria:**

Technique used (circle): Howell card      Von Graefe      Maddox rod      Other (name)

**Distance Vertical phoria:**

Technique used (circle): Von Graefe      Maddox rod      Other (name)

**Near Horizontal phoria:**

Technique used (circle): Howell card      Von Graefe      Maddox rod      Other (name)

**Near Vertical phoria:**

Technique used (circle): Von Graefe      Maddox rod      Other (name)

---

#### **(iii) Vergence Testing at near (Vergence reserves at near)**

**Horizontal:**                      **NRC (BI)**                                      **PRC (BO)**

**Vertical ranges:**                      **BUR / BDL (circle or label)**                                      **BUL / BDR (circle or label)**

**STATION 1**

**B. DISTANCE RETINOSCOPY**

**Candidate Name and Signature:**

**Date:**

---

**PD**

**RE**

**LE**

**STATION 2**

**C. SOFT CONTACT LENSES**

Candidate Name and Signature:
